Die for Spartacus

Die for Spartacus  
Spartacus

I'm a warrior  
I'm a slave  
Life in chains, to the death  
Die by the blade

For the blood games  
For elusive fame  
Never kneel, never break  
Never show em pain

We will fight in the darkness  
We will fight 'till the end

Were gonna burn, we never break  
No surrender  
Do you hear our battle cry  
Thunder in the sky

Die for Spartacus

Spartacus

Scutum and gladius  
Let them feel the blade  
Break the chains, lead the slaves  
To their chosen fate

On the battlefield  
As brothers, we will fall  
Blood and sands, to the end  
Our final call

We will fight in the darkness  
We will fight 'till the end

Were gonna burn, we never break  
No surrender  
Do you hear our battle cry  
Thunder in the sky

Die for Spartacus
