

Devil in Disguise

Warmen

Here she comes with a smile and deception in her eyes
Nothing is what it seems, she's the devil in disguise
You're blinded by her innocence, believing all the lies
She's not revealing her wicked mind
everything she touches dies

She's as cold as ice
She's the darkness, she's the night, the killer of the light
She's the bringer of misery
She's gonna steal your soul she's your destiny
Everything she does is mean

You're the king of the fools, you didn't see it coming
Don't try to hide she's gonna make you cry you don't even know
why?

No matter how you try she's always on your mind
False hope deceit and lies it all has made you blind
No matter how you try she's always on your mind

With her crushing blow you will find and wish that you would die
you've been suffering for a long time you have lost your will to fight
now you know that your time has come everything you had she stole
Her deception has got to you she has killed your soul

She's as cold as ice
She's the darkness, she's the night, the killer of the light

You're the king of the fools, you didn't see it coming
Don't try to hide she's gonna make you cry you don't even know
why?

No matter how you try she's always on your mind
False hope deceit and lies it all has made you blind
No matter how you try she's always on your mind
