

Hell On Four Wheels

Warmen

Driving all night, D.U.I. - he never cares for no-one else
With a '96 turbo-charged rear-wheel drive
This knucklehead won't survive for long

A violent crime in a form of steel
Can you hear the sirens scream?
A natural-born psycho on four wheels
Now the yellow tape marks the scene...

...where no-one lived...
...to tell...
...to tell the tale

Reckless to the bone, well-known to implode
The terror of the streets - the lowest of the low
The German-made steel now wrapped around a tree
An all-nighter made him unleash hell...

The German-made steel now wrapped around a tree
An all-nighter made him unleash hell on four wheels
