You know  
You know  
You know just what you're doing  
Admit it  
Oh, why [?] years to talk?  
You know

She'll think she know it all alone  
She'll lie, she's a liar  
Who didn't want to face your front  
But doesn't need to be some price  
[?] don't comprise  
For anyone  
The only speaking words  
A [?] someone  
Who doesn't know

Did you come undone?  
Did you wake up someone I know?

Now I know I'm not alone  
God, my girls, I'm not alone  
Now I know I'm not alone  
God, my girls, I'm not alone  
Love you for days, I'm not alone  
You're the place that I belong  
God, my girls, I'm not alone  
Not alone

You know  
You know  
You know just what you're doing  
Admit it  
Oh, why [?] years to talk?  
You know

She'll think she know it all alone  
She'll lie, she's a liar  
Who didn't want to face your front  
But doesn't need to be some price  
[?] don't compromise  
Love (love)  
For anyone

Now I know I'm not alone  
God, my girls, I'm not alone  
Now I know I'm not alone  
God, my girls, I'm not alone  
Love you for days, I'm not alone  
You're the place that I belong  
God, my girls, I'm not alone  
Not alone
