

Didn't know where you were from
Didn't even know your name
But your look shot flames in my eyes
Nothing was ever the same

And now you're in my life
In my craziest dream
I could always tell what I like
And I knew that you could do what I like right
Hey-hey-hey, you're my

Dream lover lover
Like no other other
You're down and dirty
You are one freaky mother
You give me happiness
You make me wanna
You make me wanna dance
With you

Pull up, pull up on my love
There's so much that I would really love to show you
Wanna hold and love and really get to know you
I'm your moon and stars through any kind of weather
You're the sun, I feel you forever

Dream lover lover
Like no other other
You're down and dirty
You are one freaky mother
You give me happiness
You make me wanna
You make me wanna dance
Because

I sent away for you
You sent away
Always my way
A fantasy
A fantasy

Okay

Dream lover lover
One freaky mother
You're down and worthy
There is no other other
You make me happy
You make me wanna
You make me wanna dance

There's so much that I would really love to show you
Wanna hold and love and really get to know you, baby
