

Big Sandy

Warrant

Big Sandy, big Sandy
Knew that your number would come in handy
I don't wanna be alone tonight
Just one call to paradise

Hard as a rock, three o'clock
And I'm climbing the walls
Grab my phone to figure out
Who's gonna take the fall

I don't wanna be alone tonight
Just one call to paradise

Came across a picture
That I took of a truckstop wall
Just a number and a name is all

Nothing that I wouldn't do
Just to get a taste of you

Big Sandy, big Sandy
Knew that your number would come in handy
I don't wanna be alone tonight
Just one call to paradise

T-t-tall shot of tequila
But she goes down fine
And tonight I'm makin' Sandy mine all mine

Nothing that I wouldn't do
Just to get a taste of you

Big Sandy, big Sandy
Knew that your number would come in handy
I don't wanna be alone tonight
Just one call to paradise

Big Sandy she does it all
All I have to do is call

Everybody knows what I'm gonna do
I punched the number and I called you

Big Sandy, big Sandy
I knew that your number would come in handy
I don't wanna be alone tonight
Just one call to paradise

Big Sandy, big Sandy
I knew that your number would come in handy
Big Sandy, big Sandy
I don't wanna be alone tonight
Just one call to paradise
I don't wanna be alone tonight
