

Devil Dancer

Warrant

Southbound from nowhere
On a flat dirt road
Far from the lights of town
There's a dirty señorita
On a shiny brass pole
And she know how to lay it down

You're just a toy, for her amusement
And she'll toss you aside
You're such an addict
And she knows you're usin'
But you love the ride

She's a devil dancer
She gets her smoke in your eyes
A dirty down romancer
Don't believe all her lies
Satan's seniorita, evil bonita

She takes you down
And moves around
'Till your head is a spinnin' wreck
Ain't got no chance
Until her dance is over
The rope around your neck

You're just a toy, for her amusement
And she'll toss you aside
You're such an addict
And she knows you're usin'
But you love the ride

She's a devil dancer
She gets her smoke in your eyes
A dirty down romancer
Don't believe all her lies

Southbound from nowhere
On a flat dirt road
Far from the lights of town
You're just a toy, for her amusement

She's a devil dancer
She gets her smoke in your eyes
A dirty down romancer
Don't believe all her lies

Satan's seniorita, evil bonita
