

Devil's Juice

Warrant

Got the devil inside

I can take it on the chin, I can take it in stride
Can you take a lickin', can you take it inside?
Ain't nothin' but an old sensation
Everybody needs a deviation

Flying high (Don't want to come down)
Samurai (Harakiri go round)
No excuse (The dragon is loose)
Devil's juice

Sittin' on the corner, don't you give me no slack
Adrenaline pushers comin' on my back
Want to get wet but my well ran dry
Everybody's lookin' through tombstone eyes

Flying high (Don't want to come down)
Samurai (Harakiri go round)
No excuse (The dragon is loose)
Devil's juice

Got the devil inside
And he's feeling hollow
Got the devil inside

Flying high (Don't want to come down)
Samurai (Harakiri go round)
No excuse (The dragon is loose)
Devil's juice

Electric dreams (The sky is alive)
Human screams (Nothing I haven't tried)
Swing your noose (Allow me to introduce)
Devil's juice

Huh!
Yeah
