## Warrant

It was a long winter night  
And hell was tired, couldn't put up a fight  
Lord, help me, I've gone and lost my mind

I'm shaking like a fish with a hook's mouth  
I'm living like a dog without a bone  
Hypnotized by the sounds of rock 'n' roll  
I'm tripping like a baby solo

I'm floating in a cloud without a sky  
I'm living like a kid waiting to die  
Hold me, I can't take the pressure  
Live like I live in Russia

Dirty Jack  
You're a dirty thing  
But I never seem to let you down  
Dirty Jack  
Well, you never crack, keep on wrecking  
Always seem to want me around

I'm hanging in a daze with half a day  
I'm living like a kid waiting 'til I'm paid  
Hold me, I can't take the pressure  
Live like I live in Russia

Dirty Jack  
You're a dirty thing  
But I never seem to let you down  
Dirty Jack  
Well, you never crack, keep on wrecking  
Always seem to want me around

Dirty Jack  
You're a dirty thing  
But I never seem to let you down  
Dirty Jack  
Well, you never crack, keep on wrecking  
Always seem to want me around

Dirty Jack  
Dirty Jack

It was a long, long, long, crazy trip  
And I know I'm losing my mind

Dirty Jack  
You're a dirty thing  
But I never seem to let you down  
Dirty Jack  
Well, you never crack, keep on wrecking  
Always seem to want me around

Dirty Jack  
You're a dirty thing  
But I never seem to let you down  
Dirty Jack

Well, you never crack, keep on wrecking  
Always seem to want me around  
Dirty Jack  
You're a dirty thing  
But I never seem to let you down  
Dirty Jack  
Well, you never crack, keep on wrecking  
Always seem to want me around

It was a long winter night  
And hell was tired, couldn't put up a fight  
So help me  
Dirty Jack, you're a dirty thing
