

Glimmer

Warrant

I just sit here thinking 'bout you all the time
'Cause your beauty's permanently in my mind
The stars above you have gone dark tonight
Though they try and try they can't outshine your lights

Sparkle, shine and glimmer
You're the only light I see in front of me
Sparkle, shine

I want to sing about you but the words aren't there
Out comes your inner light, my rhymes just don't compare
You turn on like a diamond, flawless and shimmering
And so from miles away, I see the light you bring

Sparkle, shine and glimmer
You're the only light I see in front of me
Sparkle, shine

Sparkle, shine and glimmer
You're the only light I see in front of me
Sparkle, shine, shine and glimmer
You're the only light I see in front of me
Sparkle, shine

Woo-hoo
Shine
Yeah, yeah, yeah, yeah
Shine

I just sit here thinking 'bout you all the time
'Cause your beauty's permanently in my mind
