

Terrified

Warren Haynes

Proud and living carefree
I was through with love
Hurt too many times
Too many hit and runs
No need to return to the scene of the crimes

Dangerous
Loving you is so dangerous
I don't like it on the edge
I don't like it on the edge or maybe I do
My heart is racing whenever I'm with you

I'm terrified
Never felt this way before
I'm terrified
Don't know what to do about it
Scared of this feeling inside
I'm in love against my will and I'm terrified

I get nervous (yes, I do)
Each time you whisper my name
Break out in a cold sweat
Your kiss is playing tricks on my brain

Dangerous
The places that you take me are so dangerous
I don't like to feel this way
I don't like to feel this way or maybe I do
My soul's on fire whenever I'm with you

I'm terrified
Never felt this way before
I'm terrified
Don't know what to do about it
Scared of this feeling inside
I'm in love against my will and I'm terrified

I'm captive
But make no mistake
I don't wanna escape
I'm helpless
But I don't mind
I feel fine

Dangerous
Loving you is so dangerous
My brain just melts whenever I'm with you

I'm terrified
Never felt this way
Terrified
Don't know what to do about it
Terrified
Scared of this feeling inside
I'm in love against my will and I'm terrified
