

## love message

Warren Hue

I'm feeling super in love when I'm next to you  
I cannot play for the fun when I'm next to you  
I cannot say what I want when I'm next to you  
I just wanna know  
I just want my phone  
I feel like I'm alone  
I just wanna know  
I just wanna know

Will you go love me like this  
That's my question, yeah  
Will you go with me like this  
That's my senses

Yeah

I might crash  
Yeah, my mind like a map  
Don't know where to go aye  
Guess my feelings clashed  
Is it right for me, are you wrong at all  
Will u fight for me, I don't know at all

Bagging it up  
Stacking it up  
I get the bag  
Is it enough?  
I don't want that  
I want the love  
I want the trust  
I want the truth  
I want the truth

I'm feeling super in love when I'm next to you  
I cannot play for the fun when I'm next to you  
I cannot say what I want when I'm next to you  
I just wanna know  
I just want my phone  
I feel like I'm alone  
I just wanna know  
I just wanna know

Hope you read my message I sent earlier  
Hope You saw my crazy side I go crazier  
When I'm not with you make me feel so sick in my body  
When I ruin your mood and your day goes wrong, I'm sorry  
I'm sorry if my expectations do not meet this up  
I'm sorry for my mistakes I cannot just give this up  
You can send me your love message  
You can't send me Your love message

I'm feeling super in love when I'm next to you  
I cannot play for the fun when I'm next to you  
I cannot say what I want when I'm next to you  
I just wanna know  
I just want my phone  
I feel like I'm alone

I just wanna know  
I just wanna know
