

Drunk Driving

Warren Zeiders

Yeah, I'm just drunk drivin' again
Pullin' away from all of my sins
Tell my momma I love her
And take care of my friends
When I'm out drunk drivin' again

I don't wanna leave you lonely, but I got to
'Cause it's only a thing that I need to prove
To you and everybody else
That scares me so damn much
I can't take it, I'm not strong
It's probably best that I move on
Get outta here, fade away
That's why I'm drunk drivin' again
Runnin' away from all of my sins
Tell my momma I love her
And take care of my friends
When I'm out drunk drivin' again

Everybody's gotta die somehow
Why not for me right now, right now
Well, I'm out drunk drivin' again
Drunk drivin' again
Yeah, I'm drunk drivin' again
Pullin' away from all of my sins
Tell my momma I love her
And take care of my friends
Well, I'm out drunk drivin' again
