

Fight Like Hell

Warren Zeiders

I know loving me, it ain't easy
I might forget the flowers on some February day
And they'll be nights you wanna up and leave me
And I'll know I'm the one that made you go and feel that way
So I took all my wrongs, and I wrote this song

When it comes to us, baby, I'd shed blood
When that road gets rough, I'll be right here
They say love is a battlefield
Girl, you know I'd die up on that hill
Until then, I'll fight like hell

I'll fight for the honor of your heart
I'll fight for tomorrow and every sunrise we can't see
I'll never fly that white flag in our yard
I'll fight for forever till the last breath I breathe

When it comes to us, baby, I'd shed blood
When that road gets rough, I'll be right here
They say love is a battlefield
Girl, you know I'd die up on that hill
Until then, I'll fight like hell
I'll fight like hell
I'll fight like hell

Baby, love is a battlefield
And I promise I'll die up on that hill

When it comes to us, baby, I'd shed blood
When that road gets rough, I'll be right here
They say love is a battlefield
And I promise you I'll die up on that hill
Until then, I'll fight like hell
I'll fight like hell
I'll fight like hell
