

Lies

Warren Zeiders

Lies
Falling out like teardrops from your eyes
Now it's too late to apologize
Go and cry
All those empty words you hide behind
Lies

Smoke and mirrors, I was breathing in
I knew it would kill me, I just didn't know when
They oughta lock you up for crimes of love
I'm a victim of the damage done
Couldn't let us fly out if it was wrong
But turns out, you're just so full of

Lies
Falling out like teardrops from your eyes
Now it's too late to apologize
Go and cry
All those empty words you hide behind
Lies, lies

I'm sorry, please forgive me
I know that I'm guilty

I'm sorry, please forgive me
I know that I'm guilty

I'm sorry, please forgive me
I know that I'm guilty

Sounds honest, sounds pretty
But deep down, girl, they're really

Lies
Falling out like teardrops from your eyes
Now it's too late to apologize
Go and cry
All those empty words you hide behind
Lies, lies
