

# Relapse

Warren Zeiders

So, maybe we should relapse, relapse  
Drink us one or two or three jacks go back  
Baby, I ain't talking rehab, I'm talkin' what we had  
When you were mine  
Love that look in your eye  
I'm undressin' in my head, my bed  
Ain't got no one on your side yet, I'd wreck  
Midnight into morning with you, ain't nobody get you like I do  
So maybe we should

Call each other blame it on another it's late  
Girl I wonder should we make another mistake  
Undercovers, I say I'm recovered  
I'd change that in heartbeat just to feel your body

Next to me tonight  
That's the ecstasy I like

So, maybe we should relapse, relapse  
Drink us one or two or three jacks go back  
Baby, I ain't talking rehab, I'm talkin' what we had  
When you were mine  
Love that look in your eye  
I'm undressin' in my head, my bed  
Ain't got no one on your side yet, I'd wreck  
Midnight into morning with you, ain't nobody get you like I do  
So maybe we should relapse, woah-oh  
So maybe we should relapse, woah-oh

I need you next to me tonight  
That's the ecstasy I like

Maybe we should relapse, relapse  
Drink us one or two or three jacks go back  
Baby, I ain't talking rehab, I'm talkin' what we had  
When you were mine  
Love that look in your eye  
I'm undressin' in my head, my bed  
Ain't got no one on your side yet, I'd wreck  
Midnight into morning with you, ain't nobody get you like I do  
So maybe we should relapse, relapse, woah-oh
