## Washed Out

Holding so tight  
Think we're too blind to notice  
Keep living a lie  
We can't hide

Spent five years holding on  
Spent five years all alone, alone  
Now it's all gone away

If the fire's gone out  
Is it time we stop?

When did it start?  
Thought it would last forever  
If we break it apart  
Then what?

Can you make it on your own?  
Can you face yourself alone, alone?  
Now it's all gone away

If the fire's gone out  
Is it time we stop?
