

Second Sight

Washed Out

How was I supposed to know?
How was I supposed to see?
That all that I'd been hoping for
Was right there in front of me?

I'd feel it all the time
But could never seem to make it out
On the other side
The weight was finally lifted off
You know

My eyes are open now
I see it closer now
Ooh. Ooh
Ooh. Ooh

Sometimes it's just too hard to think
Sometimes it's just too hard to reach
When everything you thought you'd want
Now just doesn't mean a thing

Once I saw the light
There was no turning back
On the other side
I think I finally figured out
The lie

It's right in front of you
So what you're gonna do?
