ur so pretty

Wasia Project

(Sorry, have I injured you?)
(Okay)

You're so pretty
When you smile, it kills me, oh-oh, oh-oh
Can't stop thinking 'bout the way you kissed me
Under the stars

And you're so lovely
When you cry, it hurts me, oh-oh, oh-oh
You're the only person left, so hold me
Don't leave me

I'm so scared that the moments we shared
Won't happen again
I don't want this to end

'Cause you're so pretty
When you smile, it kills me, oh-oh, oh, hmm
You're the only person left, so hold me
Don't leave me
