

Make It One Day

Wasted Penguinz

Everyday is the same
There's no change, there's no joy
I feel weak, I feel tired
I'm depressed, I'm alone
All these thoughts in my head
Fuck, it's all a big mess
Let's move on and forget
All I need is some rest

I feel lost, I feel trapped
Nothing's real, all is fake
When your mind's playing tricks
And it's all just a game
I will never give up
I will not run away
I'll be strong, I will stay
I will make it one day
[x2]

I will make it one day

Everyday is the same
There's no change, there's no joy
I feel weak, I feel tired
I'm depressed, I'm alone
All these thoughts in my head

Let's move on and forget

Nothing's real, all is fake
When your mind's playing tricks
And it's all just a game
I will never give up
I will not run away

I will make it one day

I will not run away
I'll be strong, I will stay
I will make it one day
