

Hit The Road

Waterloo Revival

This town is like a habit I can't break
Same girl same dreams I just can't shake
Then you walk in the door
Just what I'm looking for
Oh, babe, I gotta get to know ya
Cause every move you make is getting me high
Putting crazy thoughts in my mind
When you shooting that smile over here
Yeah, my way, my way, yeah
Girl, you've got me thinking about the highway, highway

Whoah, Whoah, Whoah
This town is like an anchor dragging us down
Whoah, Whoah, Whoah
Girl we could get away and start living out loud
Got a hundred dollars and a tank of gas
We could throw a dart at this coffee-stained map
Girl, come on, come on, come on let's go
Baby, let's hit the road

Your kiss is like a song that I can't write
Cause there ain't a word for what it feels like
When you shooting that smile over here, yeah, my way, my way
Girl, you've got me thinking about the highway, highway

Whoah, Whoah, Whoah
This town is like an anchor dragging us down
Whoah, Whoah, Whoah
Girl we could get away and start living out loud
Got a hundred dollars and a tank of gas
We could throw a dart at this coffee-stained map
Girl, come on, come on, come on, let's go
Baby, let's hit the road

Gonna get away, gonna chase these white lines
Kissing my neck got me losing my mind
Blowin' right through these buckshot stop signs
Pedal to the floor, leave it all behind us

Whoah, Whoah, Whoah
This town is like an anchor dragging us down
Whoah, Whoah, Whoah
Girl we could get away and start living out loud
Got a hundred dollars and a tank of gas
We could throw a dart at this coffee-stained map
Girl, come on, come on, come on, let's go
Baby, let's hit the road
Whoah, Whoah, Whoah
Let's hit the road
