Makin' Waves

Waterloo Revival

Don't need no passport
We found paradise right here tonight a little off shore
And a pair of eyes lookin' into mine that's gonna lead to more
Gonna lead to us a little later on clothes on the floor
So hold on tight cause

We got the weekend wakin'
Up on the bank, it's breakin'
Got nothing on slow on the radio
Ain't just those speakers shakin'
As soon as that sun starts fadin'
I'll be the arms she lays in
That girl is amazing
And we just love makin'
Waves
Waves

Sangria kiss
I won't forget, you know the kind that lingers on your lips
When you wake up in the morning
Ya we set it motion this party floating the way that it's going
There's no signs of slowin' it down

We got the weekend wakin'
Up on the bank, it's breakin'
Got nothing on slow on the radio
Ain't just those speakers shakin'
As soon as that sun starts fadin'
I'll be the arms she lays in
That girl is amazing
And we just love makin'
Waves
Ooh

We got the anchor down
We got the music loud
We gonna party as long as we want
'Cause there ain't nobody around

We got the weekend wakin'
Up on the bank, it's breakin'
Got nothing on slow on the radio
Ain't just those speakers shakin'
As soon as that sun starts fadin'
I'll be the arms she lays in
That girl is amazing
And we just love makin'
Love makin' waves
Love makin' waves
Love makin' waves
Love makin' waves
Just love makin'
Waves
