

# What Guy Wouldn't

Waterloo Revival

I gotta ask  
Don't see no ring on that finger  
And I ain't got one either  
Hope I ain't moving too fast  
But can I get your number  
I know I'm just another  
One in line for you  
Caught up with the way your eyes been  
Trading little looks with mine and  
Wonder if you know tonight but  
I guess you got to

What guy wouldn't want a girl like you  
Can't blame me for feeling like I do  
Go on baby shake your hair  
Like you don't mean to make them stare  
Oh, you're so cool  
What guy wouldn't want a girl like you

I see you smile  
Now that songs got you swaying  
Girl, I'm just saying  
I think we could do this thing up right  
We could keep on grooving  
We could get to moving  
Take it on outside  
You walking out of here with me  
Kind of be like a movie scene  
Like one of my wildest dreams  
Is coming true

What guy wouldn't want a girl like you  
Can't blame me for feeling like I do  
Go on baby shake your hair  
Like you don't mean to make them stare  
Oh, you're so cool  
What guy wouldn't want a girl like you  
A girl like you, baby

What guy wouldn't want a girl like you  
What guy wouldn't want a girl like you  
Go on baby shake your hair  
Like you don't mean to make them stare  
Oh, you're so cool  
What guy wouldn't want a girl like you  
A girl like you, baby

Caught up with the way your eyes been  
Trading little looks with mine and  
You walking out of here with me  
Kind of be like a movie scene
