

# Remember

Watermark

Must have been You out in the back yard  
The mystery began in the heart of a child  
I didn't know 'till now, that even then I knew You  
And there were songs back then  
There was a love affair

And it goes on and on more than I can remember  
And it goes deeper still more than I could forget  
But as long as I can remember, I thank You Lord, I remember You  
All throughout my life  
I've been loving You

Must have been You on that twilight evening  
I wore the beaded gown  
And there were flowers everywhere  
And I embraced the love, it carries my love forever  
And it was all so sacred  
It was holy

And it goes on and on more than I can remember  
And it goes deeper still more than I could forget  
But as long as I can remember, I thank You Lord, I remember You  
All throughout my life  
I've been loving You

You are in the simple things of life  
You know the kind that make me thankful I'm alive  
Just as You are in the monumental moments  
That have made us who we are

Must have been You who woke me up this morning  
With sounds familiar now  
My baby's laughter through the hell  
And I whispered a prayer as I embraced a new day  
Because Your strength is perfect  
It has always been perfect

And it goes on and on more than I can remember  
And it goes deeper still more than I could forget  
But as long as I can remember, I thank You Lord, I remember You

It goes on and on more than I can remember  
And it goes deeper still more than I could forget  
But as long as I can remember, I thank You Lord, I remember You  
All throughout my life  
I've been loving You
