I wish there was a situation to be mad at
Or a person I could blame
I've got a loud mouth, I'm pale with a ghost obsession
But behind the scenes with her I'm playing 21 Questions
There's gotta be a reason
You keep your guy in hiding
I'm becoming what I've hated
But your talk is so inviting

But then what?
You drop your guy and take me on
It's everything I wanted
But then what?
Would you get tired of my time?

My mood's dictated by our conversations
And if you don't text I get too frustrated
I want you all to myself this time, t-t-time
Conflicted looks good on me
I'm trying desperately
Want you all to myself this time, t-t-time

I never have to
Carefully shape sentences
When I've got some words to say
They're falling from my mouth from the time
That they hit my brain
'Cause we built a picture made for frames
We live in chemistry away from all the wasted time and taste

But then what?
You dropped your guy and took me on
It's everything I wanted
But then what?
Would you get tired of my time?

My mood's dictated by our conversations
And if you don't text I get too frustrated
I want you all to myself this time, t-t-time
Conflicted looks good on me
I'm trying desperately
Want you all to myself this time, t-t-time

We built a picture made for frames
We live in chemistry away from all the wasted time and taste
And it sucks to sleep
'Cause you aren't talking to me
I wanna give you space
But the amount between us is wrecking me

But then what?
You dropped your guy and took me on
It's everything I wanted
But then what?
Would you get tired of my time?
'Cause then what?
You dropped your guy and took me on

It's everything I wanted
But then what?
Would you get tired of my time?
'Cause then what?
You dropped your guy and took me on
It's everything I wanted
But then what?
Am I in his position now?
'Cause then what?
You dropped your guy and took me on
It's everything I wanted
But then what?
Would you get tired of my time?

My mood's dictated by our conversations
And if you don't text I get too frustrated
I want you all to myself this time, t-t-time
Conflicted looks good on me
I'm trying desperately
Want you all to myself this time, t-t-time

I'll forget you if you need me to
Like nothing ever happened
My sun still sets without you
Like nothing ever happened
