

## Bones Of '92

## Waterparks

Simple steps are all it takes  
But steps don't erase mistakes  
Hand it off to me  
'Cause when you're lost, you're found; you're gone

Context clues don't do much for you  
So I'll leave them buried in the details  
If anyone cares, I'm the voice of reason  
If I bottle up a monster  
It only grows, grows, grows  
Then why should I expect it gone 'fore I'm bones, bones, bones  
I'm bones

Simple steps are all it takes  
But steps don't erase mistakes  
Hand it off to me  
'Cause when you're lost, you're found; you're gone  
Simple steps are all it takes  
But steps don't erase mistakes  
Hand it off to me  
'Cause when you're lost, you're found; you're gone

When you're lost, you're found; you're gone  
When you're lost, you're found; you're gone

Context clues don't do much for you  
So I'll leave them buried in the details  
So kids like me can find them  
Men like me transcribe them  
Save your futures and save yourselves  
From industrial, industry hells  
Mimicry is flattering  
But dangerous and matters to me

Simple steps are all it takes  
But steps don't erase mistakes  
Hand it off to me  
'Cause when you're lost, you're found; you're gone  
Simple steps are all we need  
To dig up these rotten seeds  
That are here to sing  
That "Today, not tomorrow, is ours."  
That "Today, not tomorrow, is ours."

I won't sell myself out  
I won't let you down  
Just promise that you won't forget about me  
Can't stop the future from settling  
But I can change the way it feels  
Just promise that you won't forget about me

I won't sell myself out  
I won't let you down  
Just promise that you won't forget about me  
Can't stop the future from settling  
But I can change the way it feels  
Just promise that you won't forget about me

I won't sell myself out  
I won't let you down  
Just promise that you won't forget about me  
Can't stop the future from settling  
But I can change the way it feels  
Just promise that you won't forget about me
