

Fuzzy

Waterparks

My demons drive a limo
Straight up to my window
I hide under my pillow
Welcome to the intro
Step into the moonlight
Climb into my bad night
Everything is alright
Step into the moonlight
Me, myself, and I
Play a little game called hide and sleep
All night

Because I
See shadows on my walls
They see me from the halls
And I
Don't know just what they want
But I'mma knock 'em down down down like

What's up
Everything gets fuzzy when you come around
What's up
Everything gets fuzzy when you come around

Black cat, like a bad sign
I Jet when it's midnight
I'm cold like the first time
I got a little frostbite
I'm really not a bad guy
Step into the good light
Say a little prayer for you, yeah
Kill another demon
You know what I mean, man
My brain just needs a little bit of cleaning

I see shadows on my walls
They see me from the halls
And I
Don't know just what they want
But I'mma knock 'em down down down like

What's up
Everything gets fuzzy when you come around
What's up
Everything gets fuzzy when you come around
Everything gets fuzzy when you come around

I'll be waiting
On my ceiling
Glowing in the dark

I really had a good time
Now I've gotta go
I'm running and I can't stay here
I don't want another timeline
Me, myself, and I talked
And we can't leave you here

I hear them getting closer
I think that you should know
That everything gets fuzzy
When I hear your sound

I'm really not a bad guy
Step into the good light
Say a little prayer for you
So, kill another demon
You know what I mean, man
My brain just needs a little bit of cleaning
I see shadows on my walls
They see me from the halls
And I
(Everything gets fuzzy when you come around)
Don't know just what they want
But I'mma knock 'em down down down
