

## Hawaii (Stay Awake)

### Waterparks

I was bitter but I'm fine now  
I pulled my head down from its dark cloud  
It was easy enough but, but it was all too much  
A hurricane lives in my bedroom  
It keeps me up and awake for round two  
And I just wanna sleep but that's all too much

It's like a bad day in new shoes  
A long weekend with curfews  
But now I feel like that's all old news

I can't even count the times I settled for these scribbled lines  
Tell me, won't you stay awake, stay awake for me  
I'm over all the stale days, captured I was stuck in place  
Tell me, won't you stay awake, stay awake for me

I'm thinking off the page and I can't sleep  
I'm thinking off the page and I can't sleep

I'm missing time when I thought I had it  
From the hours I lost in traffic  
I built these walls around me and it's all too much  
My influx of emotions got me feeling in slow motion  
Like I'm saturated, cold and calm and maybe like I'm  
All too much, tell me is it all too much

It's like a bad day in new shoes  
A long weekend with curfews  
But now I feel like that's all old news

I can't even count the times I settled for these scribbled lines  
Tell me, won't you stay awake, stay awake for me  
I'm over all the stale days, captured I was stuck in place  
Tell me, won't you stay awake, stay awake for me

I'm thinking off the page and I can't sleep
