

Telephone

Waterparks

I'd like to know your middle name
Let's talk about your parents and your future dreams
I'm interested but distant to a fault
And I never wanna complicate your heart

I've gotta let you know
That I think that I love you so
You could be my only one
Cause I think that I love you so

I know we only just met
So why do I feel invested?
And do you feel it too?
Do you feel it too?
I could be your best yet
Future favorite regret
Do you feel it too?
Do you feel it too?

So I'll just tell my telephone
All of the above when I'm alone

I talk a lot but we could fill your frames
With pictures of our faces 'til we share a name
I'm living on a target and you shot it with an arrow
Now I lost my self-control
I can't stop thinking
And I'm thinking that I've lost it

All these aisles
Feel like miles
Where you go
I'll follow

I know we only just met
So why do I feel invested?
And do you feel it too?
Do you feel it too?
I could be your best yet
Future favorite regret
Do you feel it too?
Do you feel it too?

So I'll just tell my telephone
All of the above when I'm alone

I've gotta let you know
That I think that I love you so
You could be my only one
Cause I think that I love you so

I've gotta let you know
That I think that I love you so
You could be my only one
I've gotta let you know

I know we only just met

So why do I feel invested?
And do you feel it too?
Do you feel it too?
I could be your best yet
Future favorite regret
Do you feel it too?
Do you feel it too?

So I'll just tell my telephone
All of the above when I'm alone
So I'll just tell my telephone
All of the above when I'm alone

He's losing his mind
And I'm reaping all the benefits
