## Waterparks

Life is slow-paced  
Like the movies  
With filtered mood swings  
Oh wait, they're indie  
We are not like that  
We are not the same  
No  
I wear my game face  
In your headspace  
Where it's storming  
At least most days  
We are both like that  
We are both the same  
Oh

So tell me something  
Anything but nothing  
Now

Do you wanna be my territory?  
Baby, search and then destroy me  
Keep me close and we won't get boring  
Keep me close like your territory now  
Keep me close like your territory now  
So keep me close like your territory

Life is slow-paced  
And I've been thinking  
We lost a few years  
In the quicksand  
We are not like that  
We are not the same  
No  
I think the answer  
Is in the open  
Keep me close like I was chosen  
We are both like that  
We are both the same  
Oh

So tell me something  
Anything but nothing  
Now

Do you wanna be my territory?  
Baby, search and then destroy me  
Keep me close and we won't get boring  
Keep me close like your territory now  
Keep me close like your territory now  
So keep me close like your territory

I'm gonna hunt you down  
'Cause I'm a handful  
I'm gonna freak you out  
But it's all substantial  
So bring me bad news  
Anything you have to

Just to keep me on my toes

Do you wanna be my territory?  
Baby, search and then destroy me  
Keep me close and we won't get boring  
Keep me close like your territory  
Do you wanna be my territory?  
Baby, search and then destroy me  
Keep me close and we won't get boring  
Keep me close like your territory now  
Keep me close like your territory now  
So keep me close like your territory  
Keep me close like your territory now  
So keep me close like your territory  
Now
