

daisy.

wave to earth

Daisy, you're always white in your place
Even between the concrete
Daisy, every time I see you
My day is getting coloured

Babe, if you can dye me enough
Would my life be different
So, I'll just wait for you to bloom

Ma planet is like an old black and white TV
Life always goes on and on
But it's never fun at all
Oh, daisy
It's my happiness to run into you
Life always goes on and on
But I'll live with you forever
So, be my daisy

Oh, sunny day
It's like burn in my youth
Shade is my place but you live by the sun
If you want me to
Well I'll be the rain you need

Babe, if you can dye me enough
Would my life be different
So, I'll just wait for you to bloom, yeah, yeah, yeah

Wait for you to bloom
I'll just wait for you to bloom, yeah, yeah

Ma planet is like an old black and white TV
Life always goes on and on
But it's never fun at all, yeah-ah
But daisy
It's my happiness to run into you
Life always goes on and on
But I'll live with you forever
So, be my daisy
