

# surf.

wave to earth

Dance my babe, dance my friends  
We don't have much time to enjoy  
Just sing it my babe  
Bigger than you ever did  
We don't have much time to enjoy

Our time will be gone someday  
But I'm okay  
Life is like surfin' anyway

We surf like plankton  
We surf outside the waves  
We surf like a jellyfish  
We surf outside the waves side the waves

Ma body is full of salt  
Trying to wash it away  
But you know, my time is always  
So sweet with you  
Oh I'm never gonna leave  
Cause u know, the life is like surfin anyway

We surf like plankton  
We surf outside the waves  
We surf like a jellyfish  
We surf outside the waves side the waves
