

## Poor Lenore

Wavves

The world's a liar  
Foolish of me  
Misfortune fires  
I'll only bleed another burden  
Another memory  
Just keep my mouth shut  
I won't say a thing for my

Poor Lenore  
It faults and falls down  
Devil in me  
An easy rider  
Sharp young athlete  
Another burden  
Another memory  
Just keep my mouth shut  
I won't say a thing for my

Poor Lenore  
Night terrors won't leave me alone

They won't leave me alone  
Although I'd love to walk you home  
They won't leave me alone
