

# Tarantula

## Wavves

Stopping to think  
I got you in mind  
Stopping to think  
Something to drink  
I got you in mind  
Not just the good times but everything

Well come on  
It's gone on way too long  
Oh yeah, come on  
Come on  
It's gone on way too long  
Oh yeah, come on

Every morning  
Toxic waste  
Everything sucks  
If you don't get your way

Grinding my teeth  
(Grinding my teeth)  
Biting my tongue  
(Biting my tongue)  
Grinding my teeth

Try not to speak  
(Try not to speak)  
Try to have fun  
(Try to have fun)  
Try not to ruin it for everyone

Well come on  
It's gone on way too long  
Oh yeah, come on  
Come on  
It's gone on way too long  
Oh yeah, come on

Every morning  
Toxic waste  
Everything sucks  
If you don't get your way

Every morning  
Toxic waste  
Everything sucks  
If you don't get your way

Every morning  
Toxic waste  
Everything sucks  
If you don't get your way

Every morning  
Toxic waste  
Everything sucks  
If you don't get your way

Every morning  
Toxic waste  
Everything sucks  
If you don't get your way

Every morning  
Toxic waste  
Everything sucks  
If you don't get your way
