

Thru Hell

Wavves

Top down, baby, speedin' to hell
Are you okay? You don't look so well
Oh, I don't love the people no more
You never even met me before
Don't punch down, its not a fair fight
Can't go pick the wings off a fly
Oh, I don't love the people
You never even met me before

Like a terror takin' over the Earth
Like an atom bomb
Like the beauty of a mother at birth
Like an animal

Can't talk now, I'm goin' through hell
Can't see straight, I don't feel so well
Starin' at these hideous people
Point the finger but inherently evil
Get my shit, I'm goin' away
I can't quit but I'm done for the day
Drunk and screamin' into the ether
Some people don't live in the real world

Like a terror takin' over the Earth
Like an atom bomb
Like the beauty of a mother at birth
Like an animal

Like a terror takin' over the Earth
Like an atom bomb
Like the beauty of a mother at birth
Like an animal

Like a terror takin' over the Earth
Like an atom bomb
Like the beauty of a mother at birth
Like an animal

Like a terror takin' over the Earth
Like an atom bomb
Like the beauty of a mother at birth
Like an animal
