

# Down In Flames

Wax Tailor

Laugh and the world laughs with you  
Cry and you cry alone  
It's something they'll try to tell you  
when they're dishing out the pills  
Years go by like hurricanes  
Years go down in flames

Calling the light, and you enter the dark  
Love didn't fail, it was only your heart  
Tell me if you feel it  
tell me do feel bad  
Tell me if you feel it  
tell me do feel bad

Calling your life, with the truth in your face  
Love didn't fail, it was only misplaced  
Tell me if you feel it  
Tell me do you feel bad  
Tell me if you feel it  
Tell me do you feel

Laugh and the world laughs with you  
Cry and you cry alone  
You'll never die of loneliness  
If loneliness is all you know  
Years go by like hurricanes  
Years go down in flames

Tell me if you feel it  
Tell me do you feel bad  
Tell me if you feel it  
Tell me do you feel bad  
Tell me if you feel it  
Tell me do you feel bad  
Tell me if you feel it  
Tell me do you feel

Laugh and the world laughs with you  
Cry and you cry alone  
It's something they'll try to tell you  
when they're dishing out the pills  
Years go by like hurricanes  
Years go down in flames

Laugh and the world laughs with you

You'll never die of loneliness

Years go by like hurricanes  
Years go down in flames  
Go down in flames
