

## Seize the Day

Wax Tailor

[Perhaps those who may be among us for the first time  
May be wondering what is going to happen now]

Hold them close  
Petals of a rose  
Thorns as well  
Friends and foes  
Have no fear

Seize the day  
I don't mind whatever happens  
I don't care whatever happens

Let them burn  
Things of cotton  
Admire the fire  
Things undone  
There's applause  
There'll be encores  
You're sincere  
That's what we're  
Have no fear

Seize the day  
I don't mind whatever happens  
I don't care whatever happens
