

Dear Wax

Wax

Dear Wax

My name is David

I really like the way you rap and stuff

You've inspired me to start rapping

My new name is MC David

Anyway, I've been having a lot of trouble with this bully named
Lisa at school

She's a fat beotch, dawg

Every time I go to the bus stop, she pushes me down and sits on
me until I give her my fruit snacks

I told my dad about the problem

He said that only sissies get beat up by girls

He's such a dork

One day I was watching your rap videos and eating hella candy
I got all pumped up

That day at the bus stop when Lisa tried to step to me

I said, "Bitch, you look like a hog

You smell like a dog and you look like a frog"

You should've seen it, homie

Her face got red with the quickness

And everybody at the bus stop cheered for me and laugh

That day, she really beat me up bad but it was worth it to see
the look on her face after getting a taste of my true hip hop

Anyway, thank you for everything

If you're free June 11th, I really want you to rap at my birthd
ay party

Peace, dawg

MC David
