

## Pick It Up

Wax

I rock like [?] and geysers done I'm ripping through your PO  
Box I'm older and wiser like I'm [?]  
My style is in experiments, like chimps, and mice, and chemo-  
Therapy, I tear MCs to bits, they bite the steezo  
Serve them up fast like they was instant rice and Fritos  
One day I hope to join the ranks of Vincent Price and Tito  
Collab with Michael Jackson making hits that strike the people  
Containing twice the action of the chips and dice in Reno  
Welcome me back like you Vincent Barberino and I'm Kotter 'cause I'm hotter  
than these chicks that are Latino  
I'm not just rapping son I'm pimpin' on the d-low  
Got chicks and fawns from Rio steadily stripping on my p-o-  
R-c-h, porch, got my torch sippin' on some V.O  
I stormed through the metro like I'm written on your G.O  
I'm like Juan Dixon on the free throw  
A straight inaccurate [?] that spit the ball in deep rows

Uh uh uh yo

You got to grab your seat  
Pick it up, because you know that we  
Rip shit up, so get L-I-T  
Lift your cup, and make a toast  
Salud! Big Wax and I'm different than most

You got to grab your seat  
Pick it up, because you know that we  
Rip shit up, so get L-I-T  
Lift your cup, and make a toast  
Salud! Big Wax and I'm different than most

Opportunity is knocking, son, it's glimpsing through the peephole  
This tune will be unlocking if it fits into the keyhole  
The community is rocking as it flips on the AC yo  
'Cause soon it will be hot when they play this on the radio  
Directing flows call me Quintin Tarantino  
I leave your face scarred, people thinking where's Pachino  
I'm tight as hell I might as well freaking wear a Speedo  
Act like a jackass and get compared to Steve-o  
There ain't a splif that's quite as thick and tight as we roll  
So pick a type of bit to light and hit the pipe amigo  
I'm more sick than a porn flick with Janet Reno  
That co-stars Dionne Warwick with Dan Devito  
Put me in the category with the El Camino  
'Cause I'm versatile like a Vegas strip hotel casino  
Written or a free flow  
Whether you paid to get in or a free show  
You are now witnessing a freak show

You got to grab your seat  
Pick it up, because you know that we  
Rip shit up, so get L-I-T  
Lift your cup, and make a toast  
Salud! Big Wax and I'm different than most

You got to grab your seat  
Pick it up, because you know that we

Rip shit up, so get L-I-T  
Lift your cup, and make a toast  
Salud! Big Wax and I'm different than most

I rewind fast forward pause play stop flip it like I'm Tivo  
If I see your ass I whip it like I'm Deebo  
I'm a lyrical storm, a skinny El Niño  
I'm climbing through your window like I'm Vinny Delpino  
And you're Doogie, son, I'm hocking loogie spitting on your ego  
Pissing on your pathos, shittin' on your ethos  
I got some of the illest vocal diction on the East Coast  
Jesus Cristo, I don't think [?]  
And do the Hook Once More

You got to grab your seat  
Pick it up, because you know that we  
Rip shit up, so get L-I-T  
Lift your cup, and make a toast  
Salud! Big Wax and I'm different than most

You got to grab your seat  
Pick it up, because you know that we  
Rip shit up, so get L-I-T  
Lift your cup, and make a toast
