You hush, I got the so-lution  
To do what?  
To turn that tune up we used to cue up when we would barbecue up whatever we was makin', mhm  
Yeah, I remember that one we used to play then  
When I play it now it feels like back in the day again  
Yeah, back when it was on a CD or a tape and shit  
Man, that was my favorite shit  
Yeah, I still play that shit  
That's what I'm sayin', right now we could be playin' it  
Well, put it on

Yeah, I thought it would be helpful  
Thank you, man, you're welcome  
Now I'm feelin' wonderful, my problems, it melted 'em

Yeah, I hear that, an absolutely classic track  
And every time I hear it once you know I gotta run it back  
I can't blame ya, honestly I feel the same, bruh  
When I had it in my CD changer I would be happy when it came up  
Ha, oh yeah, in shuffle mode  
I'd be drivin' up the road singin' every fuckin' note  
This song is the fuckin' GOAT
