

# With You

Waxahatchee

The real me is a southern girl with her Levis on and an open heart  
Wish I could save the world, like I was super girl  
The real me used to laugh all night lying in the grass just talking about love  
But lately I've been jaded life got so complicated

I start thinking about it,  
I almost forgot what it was like  
To know what it feels like  
With you

I can let my hair down  
I can say anything crazy  
I know you'll catch me right before I hit the ground  
With nothing but a T-shirt on  
I never felt so beautiful  
Baby as I do now  
Now that I'm with you  
With you, with you, with you

You speak and it's like a song  
And just like that all my walls come down  
It's like a private joke just meant for us to know  
I relate to you naturally  
Everybody else just fades away  
Sometimes it's hard to breathe  
Just knowing you found me

Cause I start thinking about it,  
I almost forgot what it was like  
To know what love feels right  
With you

I can let my hair down  
I can say anything crazy  
I know you'll catch me right before I hit the ground  
With nothing but a T-shirt on  
I never felt so beautiful  
Now that I'm with you  
With you, with you, with you

Come and take me  
Love you save me  
Like nobody else  
Now I can be myself  
With you

I can let my hair down  
I can say anything crazy  
I know you'll catch me right before I hit the ground  
With nothing but a T-shirt on  
I never felt so beautiful  
Baby as I do now  
Now that I'm with you

I can let my hair down  
I can say anything crazy

I know you'll catch me right before I hit the ground  
With nothing but a T-shirt on  
I never felt so beautiful  
Baby as I do now  
Now that I'm with you
