

Chevy Van

Waylon Jennings

I gave a girl a ride in my wagon
She crawled in and took control
She was tired as her mind was a draggin'
I said get some sleep--and dream of rock n roll

Cause like a princess she was laying there
Moonlight dancing off her hair
She woke up and took me by the hand
She's gonna love me in my Chevy van
And that's all right with me

Her young face was like that of an angel
Her long legs were tanned and brown
Better keep your eyes on the road son
Better slow this vehicle down

'Cause like a princess she was laying there
Moonlight dancing off her hair
She woke up and took me by the hand
She's gonna love me in my Chevy van
And that's all right with me

I put her out in a town that was so small
You could throw a rock from end to end
A dirt road main street, she walked off in barefeet
It's a shame I won't be passin' through again

'Cause like a princess she was laying there
Moonlight dancing off her hair
She woke up and took me by the hand
We made love in my Chevy van
And that's all right with me

'Cause like a princess she was laying there
Moonlight dancing off her hair
She woke up and took me by the hand
We made love my in my Chevy van
And that's all right with me

'Cause like a princess she was laying there
Moonlight dancing off her hair
She woke up and took me by the hand
We made love in my Chevy van...
