

Small Packages

Waylon Jennings

Tall, don't always mean bigger
Short, don't ever mean small
If you make up your mind you never can tell
You could be the biggest and the bestest of all.

'Cause some things come in small packages
Sometimes heroes do too
If you have the courage and you have the heart
That hero just might be you.

Loud, don't always mean stronger
Shy, don't ever mean weak
The less you can say sometimes can mean more
If you choose to use the right words to speak.

'Cause some things come in small packages
Sometimes heroes do too
If you have the courage and you have the heart
That hero just might be you.

Some things come in small packages
Sometimes heroes do too
If you have the courage and you have the heart
That hero just might be you...
