

# That Dog Won't Hunt

Waylon Jennings

Well you think that you can lie and tell me alibis  
And it's alright  
Keep the grapevine line working overtime  
On your late nights  
You think you can say some words, take away the hurt  
And I'll still be your number one  
But when it ain't working out we got a saying down South  
Baby that dog won't hunt

Baby that dog won't hunt  
So you can hang up your guns  
Break my heart and then you want a new start  
Baby that dog won't hunt

Well it's been open season on your double dealing  
And it's so wrong  
I guess I've been a fool playing by the rules  
For too long  
Well I've been sitting here at home with the porchlight on  
While you've been chasing everything that runs  
Let me put this in your ear and make it be so clear  
Baby that dog won't hunt

Baby that dog won't hunt  
So you can hang up your guns  
Break my heart and then you want a new start  
Baby that dog won't hunt

Baby that dog won't hunt  
So you can hang up your guns  
Break my heart and then you want a new start  
Baby that dog won't hunt
