

Love Drunk

Waylon

Tell me we're running to
'Cause I don't really have a clue these days

Tell me we're running to
'Cause baby this old cowboy's lost his way

Singing loo-ooh-ooh-ooh
What's that? You think I should call her up and save this?
Can I save this?

Singing loo-ooh-ooh-ooh
'Cause you're damn tired of my blood or misbehavin'

Maybe the wine's got me weeping like a woman
Maybe the whiskey's got me weeping in my wine
Don't no need no water I'm on good with double vision
Everything's pretty at closing time

Baby I'm a love drunk
Baby I'm a love drunk
Baby I'm a love drunk
Baby I'm a love drunk

Drop the tears into the ocean deep
I told her when I'm found I'll be home
I'm dropping tears into the ocean deep
Can feed 'em like the fishes down below

Singing loo-ooh-ooh-ooh
What's that? You think I should call her up and save this?
Can I save this?

Singing loo-ooh-ooh-ooh
'Cause you're damn tired of my blood or misbehavin'

Maybe the wine's got me weeping like a woman
Maybe the whiskey's got me weeping in my wine
I don't no need no water I'm on good with double vision
Everything's pretty at closing time

Baby I'm a love drunk
Baby I'm a love drunk
Baby I'm a love drunk
Baby I'm a love drunk

Yeah

Say here we go love heart attack
Take it in, don't ever look back

Say here we go oh heart relax
Don't you know, we never look back

Say here we go love heart attack
Take it in, don't ever look back

Say here we go, oh heart relax

I don't know

Maybe the wine's got me weeping like a woman
Maybe the whiskey's got me weeping in my wine
I don't no need no water I'm on good with double vision
Everything's pretty at closing time

Baby I'm a love drunk
Baby I'm a love drunk
Baby I'm a love drunk
Baby I'm a love drunk
