

Tulsa

Wayne Hancock

I'm goin to a town that swings, where quality is still
the king
You can rock all night, roll all day
If you ask me where i'll say, Tulsa is the town for me

T theres lots of perty woman
U and i'll be there
L listen for it now cause
S swing is in the air
A and all i'm saying is Tulsa is the town for me

On the road for two weeks long, half way through and
going strong
Tonight i'll drive right through that town, the neons hot
when the sun goes down
Tulsa is the town for me

Now you heard me give my say, listen while i go my way
Playin lots of joints around but tulsa is my favorite
town
Tulsa is the town for me

T theres lots of perty woman
U and i'll be there
L listen for it now cause
S swing is in the air
A and all i'm saying is Tulsa is the town for me
