

## Your Love and His Blood

Wayne Hancock

Well your new looking called me last night.(?)  
He got drunk and tried to start a fight.  
I pulled my pistol from my pocket  
and then I wrecked his brains,  
I got your love and his blood on my hand  
I got your love and his blood on my hand,  
if i can't have your love I'd rather be your only man  
but next time we're together you'll be on the witness  
stand,  
I got your love and his blood on my hand.  
Solos  
Well Jonhnny Law will looking hard I know,  
but I can't let him catch me, so I gotta go.  
But I'm tired of running, so here I'll make my stand,  
I got your love and his blood on my hand  
I got your love and his blood on my hand,  
if i can't have your love I'd rather be your only man.  
But next time we're together you'll be on the witness  
stand,  
I got your love and his blood on my hand.
