

Everything Can Change So Fast

Wayne Watson

You've got the world on a string
Everything you ever wanted and more
Yeah, the top of the heap feels so sweet
When the world beats a path to your door
People tell you to be careful
What will you do when the good times come to an end
You may have heard this a million times before
But I think you need to hear it again, my friend
I tell you...

Everything can change so fast
Oh, everything can change so fast
In the blink of an eye
Oh, the thrill could be past
Everything can change so fast

(Everything can change)

So you're lost and alone
With no hope for your soul when the party's through
Everybody's talkin' 'bout heaven forever
But not you, no, not you
Jesus said it just takes a simple faith
To wash a lifetime of guilt and sin away
And a heart that is weeping will be dancing for joy
Yeah, the minute you trust Him, the minute you pray

I tell you...
Everything can change so fast
Oh, everything can change so fast
In the blink of an eye
Your sin's a thing of the past
Everything can change so fast

All the ups and downs
And the round and round
And round won't hurt me
For better or worse
The wind will blow
But You won't desert me
I know You won't desert me, no

I tell you
Everything can change so fast
Oh, everything can change so fast
Everything can change
In the blink of an eye
Oh, your sin's a thing of the past
Everything can change so fast

(Everything can change)
Everything can change
(Everything can change)
Everything can change so fast
(Everything can change)
Everything can change

All the ups and downs
And the round and round
And round and round
Everything can change
You know, everything can change
