Freedom

Wayne Watson

Coming to you live by satellite
From a secret side of town
No mistaking, bonds are shaking
Walls are breaking down
You can walk across the border tonight
Unafraid to cross that line
Breathe the fresh air, kiss the free ground
Leave your dark shadows behind

What will you do with your new liberation
Open your heart to the God of Creation
Freedom
People cry for freedom
Freedom without Jesus
Is just another wall
Freedom
Give the people freedom
Give the people Jesus
Or they've got nothing at all

Wise and foolish men alike
Visualizing peace
And it's coming to pass, freedom at last
It's coming into reach
So don't be fooled by a fool's reward
Hold out for higher ground
'Cause when the time comes, battles are won

Nothing's gonna hold me down

So don't you mourn and say how you'll miss me
When you hear the horn, come and go with me

Freedom
People cry for freedom
Freedom without Jesus
Is just another wall
Oh-oh, freedom
Give the people freedom
But give the people Jesus
Or they've got nothing at all, no, no
Freedom
People cry for freedom
Freedom without Jesus
Is just another wall, yeah, yeah
Freedom
Oh, give the people freedom
Give the people Jesus
Or they've got nothing at all
They got nothing, no

Freedom
People cry for freedom
Freedom without Jesus
Oh, is just another wall, yeah, yeah
Freedom

Give the people freedom
Oh, and give the people Jesus
Or they've got nothing at all, no, no, no
