

# Glorify Your Name

Wayne Watson

Lord, God, when I consider the heavens  
And the work of Your hand, what is man  
That You are mindful of him

Lord God, when I consider the moon and the stars  
And the worlds You ordained, who can say  
Why You are mindful of him

You put all things under his feet  
And give him rule over Your creation  
Almighty God, how majestic is Your name  
Every knee will bow and every tongue will praise and

Glorify, glorify Your name  
We will glorify, glorify Your name  
And together the redeemed, all forgiven will proclaim  
We will glorify, glorify Your name

Oh Lord God, when I consider Your blessing  
And the gift of Your grace, I stand amazed  
Your merciful eyes fall on me

Oh Lord God, You forgave my transgressions  
And You restore my soul, white as snow  
Lighting the darkness in me

In the shadows of the valley  
I will not fear, You are beside me  
Almighty God, how majestic is Your name  
Every knee will bow and every tongue will praise and

Glorify, glorify Your name  
We will glorify, glorify Your name  
And together the redeemed, all forgiven will proclaim  
We will glorify, glorify Your name
